Profile

As a UI/UX designer and front-end developer, I'm passionate about crafting intuitive and visually appealing user interfaces. I'm proficient in UI/UX design and continuously refining my skills while exploring web development technologies to broaden my technical expertise. Based in Rizal Province, Philippines, and currently pursuing my degree at the University of Rizal System Morong, I'm committed to continuous learning and growth — eager to apply my technical knowledge and creative mindset to contribute to innovative projects and drive exceptional digital experiences.

Experience

University of Rizal System — Rizal

UI/UX Designer — Game Development Project 2026

- Led and designed wireframes and prototypes for the game "A Day to Remember".
- Collaborated with fellow developers to implement design systems and the User Interface.
- Ensured visual consistency and a user-centered experience across all game screens.
